Senioritis Threatens Academic Achievement

SEN-IOR-I-TIS (sèn-yer-i-tis):
Definition: Senioritis is a malady that afflicts students in their fourth or final year of high school, although the symptoms of which may appear as early as the freshman year.
Warning Signs: This disease is broken down into three distinct stages, the first of which resembles laziness. In this stage, the victim tends to slow in his/her production of homework. Their minds wander and in some isolated cases the victim is induced into a state of sleep, but only between the hours of 7:45 and 12:10.
Second Stage: As the malady develops, sleeping late becomes the rule rather than the exception and the victims tend to be tardy and/or truant frequently. Homework production slowly comes to a halt and books tend to remain in the victim's locker.
Third Stage: At this point the victim experiences a complete withdrawal from school-related activities.
Cures: Old Wives tales tell us that time at the beach or at parties will cure senioritis, but the only proven cure for the ailment is graduation.

You Know You're A Senior When...

- You don't have any classes.
- You leave your books at home and don't even care.
- Your lunch seems to last longer on campus than off.
- Your sunglasses break and you just can't make it to school.
- You have your own supply of readmits.
- You feel that seniors are the only upperclassmen.
- You know when somebody acts like a freshman.
- You start writing your own excuses.
- No one backtalks to you.
- Physical education means walking from class to class.
- You consider art an academic class.
- You look forward to the weekends on Sunday.
- You join 600 clubs just so it will look good on your transcript.
- You're doing your homework while driving to school.
- The tardy bell is your first warning to go to class.
- School starts at 8 a.m. (Sometimes even p.m.!!)
- You're making "donut-runs" in the middle of the day.
- You think (or maybe even know) that you're smarter than your teachers.
- You have a stamp of your parents' signatures.
- A hall pass becomes a "class pass."
- You never go to class.
- Your GPA is below "C" level.
- Your books look as new in June as they did in September — that is if you still have them.
- You call your teachers by their nicknames. AND
- You get excused from your third period class to take the senior photo
- Your car becomes your locker.
- You don't wake up until sixth period.
- You've mastered all of your teacher's signatures.

Continuing with Lancer tradition, during the second week of school the traditional freshman orientation week was held. The spirited seniors spent 3 days "having fun" with their little brothers and sisters. The freshmen were piled upon with clothes on 2000 lb. day and we all saw a lot of freshman flying around campus on super hero day. The seniors showed a lot of imagination on free dress day. Freshman were also further involved during lunchtime activities and a 5/6 assembly that Friday where they participated in many embarrassing activities.

Carlsbad High School Drama Fall Comedy
YOU CAN'T TAKE IT WITH YOU
November 20, 21 and 22

To celebrate National Arts week and the fiftieth birthday of Moss Hart and George S. Kaufman's comedy, Carlsbad High School Drama Department presented YOU CAN'T TAKE IT WITH YOU November 21 and 22 at the Cultural Arts Center. The plot of this comedy revolved around the eccentric habits and hobbies of those living in the Vanderhof/Sycamore house. Daughter Alice falls in love and brings home "normal" Tony Kirby to meet the "folks." Plans are made for a fancy dinner party to introduce the two families, but the Kirbys come on the wrong evening! Mayhem ensues and romance goes on the rocks, but Grandpa — with his wit and wisdom — saves the day.

Featured in this Pulitzer-prize-winning play was Josh Machamer as Grandpa, James Garcia and Erica Heppner as Paul and Penny Sycamore, and Tonia Hagaman and Stefan Lingenfelter as young lovers Alice Sycamore and Tony Kirby. Other cast members included Dawn DeSantis as Essie, Kevin Cawelti as Ed, Elizabeth Kane as Rheba, Jim Courtney as Donald, Michael Tatum as Kolenkhov, Darrin Weyers as Mr. DePinna, Brodie Phillips and Vicky Caropoli as Mr. and Mrs. Kirby, Eadie Rosenquist as Olga Katrina, Kelli McNabb as Gaye Wellington and Brian O'Grady, Chris Marquez, Ben Nygaard and Michael Whitney as the men from the Department of Justice. The C.H.S. Performing Arts Department presented their spring musical in May of this year in the Cultural Arts Center. This year the musical was the award winning Broadway musical "Guys and Dolls". The plot deals with two love affairs. Nathan Detroit, a gambler, and Miss Adelaide, a nightclub singer and dancer, have been engaged for fourteen years, but every time Adelaide tries to get Nathan to set the wedding date, he keeps postponing it because he is involved in a series of floating crap games.

He has no trouble organizing the games, but he constantly has to search for a new place. The second love story concerns Sky Masterson, a much bigger gambler than Nathan, and Miss Sarah Brown, one of the workers at the "Save a Soul Mission." In order to promote a new crap game, Nathan, who is desperately trying to raise $1000 to pay for a place to hold a game, finally maneuvers Sky Masterson into betting that he can get a date with any girl Nathan selects. Nathan selects Miss Sarah Brown and the plot thickens. In the end, after much turmoil, both love stories come to a happy conclusion. Masterson not only marries Sarah, but also joins the Mission Workers and Nathan and Adelaide are on their way to the Mission where their wedding ceremony will be performed.

Principals in the musical were: Directors - Monica Hall and Jim Shepard, Asst. Director - Jessica Cole, Stage Manager - Jenifer Baird.

Boys volleyball got underway at Carlsbad High this year under Coach Bob Williford, who also coached the girls team. The boys team functioned as a club sport this year in hopes that the sport will become a C.I.F. sport for next season. They were scheduled to play a 15 game schedule for the season and participate in a tournament. Because not every school in the Avocado League offered boys volleyball as a club sport, the C.H.S. team had to go up against 3A Palomar league powerhouses Torrey Pines, San Dieguito, Poway and Fallbrook. Coach Williford sees the sport growing in interest due to the Carlsbad beach interests and the growing enthusiasm for the sport of volleyball.

CLUBS & ORGANIZATIONS

1987 CO-VALEDICTORIANS

Jason Palm

I am very honored to be one of the valedictorians of the Carlsbad High School class of 87. I have worked for years accomplishing this goal, and I am happy that I have finally reached it. Although it does take some work to maintain a straight A average in honors classes, I have not spent all my high school years doing so. I have also been involved with CSF, the tennis team and Academic League.

I believe that it is a students responsibility to himself that he take full advantage of the opportunities afforded him in high school. How successful you are at this time of your life will be a measure to yourself and others of how successful you will be later in life. To succeed in high school is the first, most important step to future success.

I would like to thank those who I feel are also responsible for my achievements for the help they provided me along the way; the teachers who have given me direction to my future, the friends who have made my present so wonderful, and, most of all, my family who gave me support and guidance I needed in my past.

James Chen

Being selected as a valedictorian is a great honor; I couldn't have done it without the invaluable help of many special people. I'd like to thank all of my teachers, whose advice and assistance have helped me keep going in a straight line towards this goal. Big thanks go to all my friends who have made these four years enjoyable and interesting. But I especially want to thank my family for their constant encouragement, help and reassurance which took off a great deal of stress while trying to keep up the "FAMILY TRADITIONS".

To everyone else I'd like to say that it's been great at C.H.S. these four years. Try to take advantage of the time and enjoy yourself. Getting A's is great but the most important thing is to make high school an experience which you will remember with fondness. Finally, I wish to the class of 1987 the best of luck for the future in everything you do.

Tad Freese

Being valedictorian of Carlsbad High School's Class of 1987 is a great honor. I would like to say, however, that other activities besides maintaining perfect grades have been equally valuable to me during my high school years. I have been a four year member of C.S.F. and the Academic League team, and I have played on the tennis team for three years. I have also had the opportunity to attend five great youth leadership conferences and to do volunteer work, such as working on Mr. Lewis' winning mayoral campaign. Among the awards I have received for my efforts have been the Christiansen History Award and recognition as a National Merit Scholar finalist. Throughout my high school years I have enjoyed traveling and playing tennis among other things. I would advise everyone to make the most of his or her high school years. I have been fortunate enough to be involved in many wonderful activities and to still maintain a perfect g.p.a.

I would like to thank my teachers and especially my family for helping me achieve this honor. My parents' support and advise has been invaluable. I would also like to wish my sister Kerri the best of luck. My family is the greatest! Congratulations to my co-valedictorians and good friends, Jason and James. I will always remember my four great years at C.H.S. and especially the Class of 1987!

Friends Don't Let Friends Drive Drunk

S.A.D.D.

S.A.D.D.- Students Against Driving Drunk- would like to wish everyone a happy and safe future. We would also like to remind the student body that the number one killer of young people is car accidents, many caused by drunk driving. The saddest part of it is that they can easily be prevented. So let's all do our part; let the population stay alive- don't drink and drive!

Teresa Donaire

My name is Teresa Donaire, I am sixteen and I am from Granada, Spain. I had a desire to come to your country because I thought there would be many new things: another family, a different language, new friends, new places ... Now, I am here and I have found all of these things. I am having a really good time at Carlsbad High School and it is a fantastic experience for me.

I hope that all of you are coming to Spain sometime soon. Adios.

Mihoko Obunai

My name is Mihoko Obunai (Mickey) and I'm an exchange student from Tokyo, Japan. I'm so glad because I have a lot of friends in Carlsbad High School. I like school very much. School is like a festival everyday. It's a lot of fun. In Japan, school is not fun. Because everyday only study, study, and after school we go to a tutor and more study, do high school homework also and take advance studies to prepare for college. So study is not fun for us. But in America, I think study is fun. We have school on Saturday too. So one week is very long, but here there is no school on Saturday. One week is very short and time flies. So I have to go back to Japan soon. SAYOUNARA.

Laurie Reymond

Hi, I'm Laure Reymond from Switzerland. I've spent my senior year at Carlsbad High School. I will always remember this year in California because I experienced so many changes, like the weather, the beach and the school. I'd like to thank my family, the Johnson's and all my friends at C.H.S. who made it easy for me to love it. I hope I'll be able to visit Carlsbad again sometime and that I'll keep in touch with some of the people I got to know here. Thank you all of you. Au Revoir.

Anna Ansorge

Hi! I'm Anna from Germany. Last year when I heard that I was placed in California in Carlsbad, I was excited, but I didn't have many ideas what it was all about. But now I've found it is a fun and exciting place. I loved living so close to the beach, boogie-boarding, fast food, frozen yogart, and drive-thrus. It was also an "experience" to be able to visit Mexico. Christmas was a little bit funny because when you looked outside there were palm trees and sunshine, and not snow and coldness. I really liked all the activities and clubs around the school. I'll never forget when I went to my first assembly in the school year. I had never seen so much school spirit, because in Germany the schools concentrate pretty much only on learning. I will always remember my friends, especially "totally" the Hula's and the "studs" from 6th period. I had a very special and different year here and I'll hope when I come back I can meet you all again. If you ever come to Europe, come and visit me! Anna.

A.F.S.- This year the A.F.S. club has been very active at C.H.S. They helped paint the bleachers during summer and worked during all of the home football games in the concession stand. The club also participated in the annual enchilada dinner, A.F.S. day at Knott's Berry Farm, and float building for the Rose Bowl Parade. The club has planned an interstate exchange with a club in Rodgewood, New Jersey and will host their students for five days in February. The C.H.S. club will in return spend five days with them in March visiting places such as the Statue of Liberty and Times Square.

During the 1986-87' school year, we have been fortunate to have year students from Spain, Japan, Switzerland, and West Germany attending C.H.S. On campus are also students who have returned from a year abroad in Japan, Honduras, Costa Rica, and Tunisia. The club is hoping to send about ten C.H.S. students overseas this year with the various A.F.S. programs. It has been a very busy and exciting year for the American Field Service club.

This year was one of the most successful in the history of our award-winning Choral Department. The groups performed in four major "home" concerts, as well as countless community and festival performances.

The ensembles sang for the California Music Educator's Association in Sacramento, as well as the National Convention or Kodaly Music Educators. They also performed in Festivals where they received superior ratings, and at the Disneyland Candlelight Processional.

Carlsbad Unified School District

801 Pine Avenue, Carlsbad, California 92008 729-9251 "Excellence in Education"

TO THE GRADUATING CLASS AND STUDENTS OF CARLSBAD HIGH SCHOOL:

I am continually amazed, delighted, and inspired by you, our students. You display pride in yourselves, your school, and your community. You accept responsibility for your behavior and reach to conquer new challenges in academics, sports, skills, and other personal accomplishments.

I must admit at times, however, I am dismayed when others fail to see the excitement, beauty, and tremendous growth of each of you as you mature from Grade 9 to Grade 12. Most of you accomplish it without serious bumps or bruises. In perspective, you will view this short span of a few years as but one point in a lifetime of change and growth. You will be the foundation of a healthy and prosperous community and nation. You will be the leaders, researchers, explorers, doers who have led man from his primordial quest to understand his immediate world and surroundings to the outer reaches of space, from a stone wheel to technological-electronic wizardry, from victims of disease and plague to the wonders of modern medicine. Little wonder that the staff and I are excited not only by the energy and vitality you display but the promise that exists in each of you.

On behalf of the staff of Carlsbad High School, I wish you the best in the years to come and look forward to your accomplishments.

Sincerely,

William P. Dunmeyer

17 Reasons To Hate Mondays

Everybody hates Mondays — from the student who procrastinates on his homework down to the famous cartoon character, Garfield. There are countless reasons why this day of returning to work strikes fear and grief into the hearts of many. The Purple Shield staff has compiled a list of just some of the famous reasons to hate Monday — (just in case you've forgotten!)

- *— It's the only day that teachers are crankier than usual*
- *— You haven't finished your homework*
- *— You are unaccustomed to waking up early*
- *— The weekend is over!*
- *— You have to face the people who saw you at the party Saturday night when you weren't quite yourself*
- *— Everything that was fun during the weekend is over*
- *— You have to face the problems that you postponed on Friday*
- *— You have to start thinking again*
- *— You have no money left from your weekend spending sprees*
- *— While you were grounded over the weekend your special somebody found somebody new*
- *— There are five days left until the weekend*
- *— There are about 30 class periods until the weekend*
- *— There are nearly 400,000 seconds until the weekend*
- *— It's the only day of the week when you have major assignments due in all of your classes*
- *— Monday is always the only day you ditch all year and your teachers really take roll*
- *— It's usually a Monday when you're running late, you get a speeding ticket on Elm St., the traffic turning into school is backed up to Basswood and you drop all your books and papers as you race to class, already 10 minutes tardy*
- *— Most suicides occur on Monday . . .*
- *. . . unless it's a 3-day weekend!*

TOYOTA CARLSBAD & CARLSBAD MITSUBISHI ANNOUNCE A NEW ENDANGERED SPECIES.

Although he may soon join their ranks, he's not a brontosaurus or a wooly mammoth; he's the high-pressure car salesman, and we've put him on the "endangered species" list. The high-pressure car salesman will use every trick in the book to sell you a car. But you won't find him at Toyota Carlsbad or Carlsbad Mitsubishi. We offer relaxed, friendly atmosphere. **No hype. No pressure.** We think it's a better way to sell cars. Our customers seem to agree. After all, they've made Toyota Carlsbad **No. 1*** in customer satisfaction out of all Toyota agencies in San Diego, Los Angeles and Orange counties. Customers rank Carlsbad Mitsubishi **No. 1*** in customer satisfaction in all of California. Come see us today. We'll treat you like you're **No. 1.**

Danielle, I'm writing you this message to tell you that I love you and I thank you for everything you have done for me. Please remember in the words of J.W., "I'll be there, when you need my arms around you, if it all goes wrong. I'll be there, and when lonliness surrounds you, no matter where, oh you know that I'll be there." Whenever you need me, I'll be there for you kiddo. Always and Forever, Deanna

Best Buds Forever
Wiamea Bay 86; Summer fun it was the best. Taming the wild in Wakkiki. Friends Forever. . .

What good will it be for you to gain the whole world yet lose your soul?

Have you ever wondered what God requires? Do you think he's just an errand boy called upon to satisfy your desires?

God never intended to be just an answering service; he has always wanted a personal relationship with you. But because you are set upon going your own way, you have separated yourself from God. "There is a way that seems right to a man, but in the end it leads to death." [1] Your efforts to reach God fall short.[2] But God made a way for you to be reconciled with him by sending Jesus to die for you, paying the penalty you deserve.[3] "If anyone would come after me, he must deny himself and take up his cross and follow me . . . For whoever wants to save his life will lose it, but whoever loses his life for me will find it".[4]

Consider the claims of Jesus and turn your desires toward Him.

1.(Prov. 14:12) 2.(Rom. 3:23) 3.(Rom. 6:23) 4. (Luke 10:23-25)
